

# Verbal Live Prep

**A MUST HAVE COURSE  
TO ACE  
GMAT VERBAL**

## **COURSE SYLLABUS**

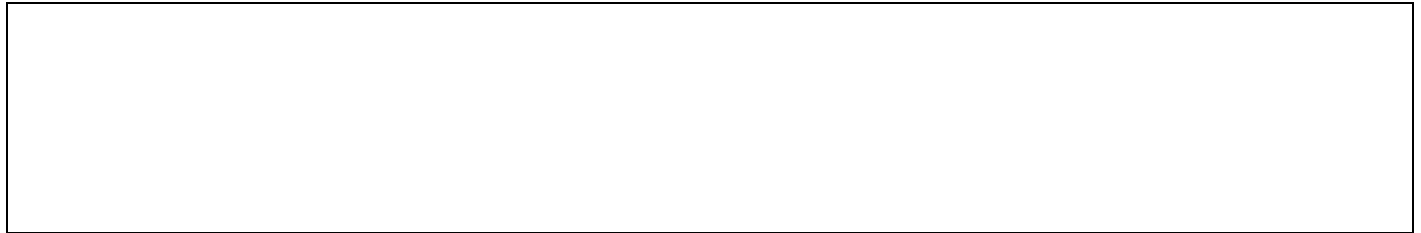

This document outlines the syllabus of Verbal Live Prep including the session details, session pre-requisites and post session exercises.

Session #	Session Name	Pre-Session Work	Session Coverage	Post-Session Work
<b>SENTENCE CORRECTION</b>				
1	SC1-Importance of Meaning	e-GMAT SC Diagnostic	Typically students skip the most important step while solving SC questions - understanding the meaning. In this session, we prove the importance of this step by solving questions. We show how you would solve the question correctly if you do this step and how you will answer reach incorrectly if you do not do this step.	Prescribed Practice Questions <ul style="list-style-type: none"> <li>- 10 e-GMAT SC Questions</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
2	SC2- Parallelism 1	All Level 1 concepts and application files, including level 1 qualifying exercise	In this session we discuss grammatical parallelism. We understand what it means when we say that the list must be logical parallel. We solve 4 difficult questions that test these basic concepts of parallelism. We also cover the concept behind imperfect lists. We see how verb-ed words can be parallel to verb-ing words.	Prescribed Practice Questions <ul style="list-style-type: none"> <li>- 10 e-GMAT SC Questions</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
3	SC3 – Verbs	All Level 1 concepts and application files, including level 1 qualifying exercise	In this session we will resolve a few doubts about the use of past perfect tense. We will discuss when past perfect tense is incorrect and when it is optional (and hence not incorrect). We will also explore the concept of "related events". We will solve 3-4 difficult questions by using the step by step method.	Prescribed Practice Questions <ul style="list-style-type: none"> <li>- 10 e-GMAT SC Questions</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
4	SC4- Modifiers 1	Level 1 Completed	We will discuss how	Prescribed Practice

		Level 2 – Modifiers related concepts and Level 2 App File 3 should be completed	noun modifiers modify and will solve a few questions by using step by step method. We will show how you should use meaning/context to determine if the modified entity is the closest noun or the head of the noun phrase.	<p>Questions</p> <ul style="list-style-type: none"> <li>- 10 e-GMAT SC Questions</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
5	SC5 – Parallelism 1	Level 1 and Level 2 Completed	We discuss another dreaded topic in this session - comparisons and ellipses. We show how if you think about the sentence in logical manner, even seemingly difficult questions involving comparisons, can become easy. We also comprehensively cover often confused words – as and like. We discuss the source of confusion and teach you the methodology of avoiding mistakes.	<p>Prescribed Practice Questions</p> <ul style="list-style-type: none"> <li>- 10 e-GMAT SC Questions</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
6	SC6 – Modifiers	Level 2 and Level 2 Completed	Students are typically scared of verb-ing modifiers. We will show how these modifiers can be used in various different ways. Things get more complex when we have choose between absolute modifier and verb-ing modifiers - Both modify clauses. We demystify this concept in this live session.	<p>Prescribed Practice Questions</p> <ul style="list-style-type: none"> <li>- 10 e-GMAT SC Questions</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>

**CRITICAL REASONING**

7	CR1 – Pre-thinking for Assumptions	<ul style="list-style-type: none"> <li>- Premise &amp; Conclusion</li> <li>- Logical Structure</li> <li>- Assumptions</li> <li>- Assumptions Application</li> </ul>	Master the skill of Prethinking. We will start the session with how to approach prethinking and apply the approach to 5-7 problems. The goal will be to prethink multiple assumptions for each problem. Since finding assumptions is the foundation for Strengthen, Weaken, and Evaluate question types, this concept is a great first concept.	<p>Prescribed Practice Questions</p> <ul style="list-style-type: none"> <li>- 10 e-GMAT CR Questions</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
8	CR2 – Argument Structure and Strengthen	<ul style="list-style-type: none"> <li>- Strengthen</li> <li>- Strengthen Application</li> </ul>	We will look at 3 kinds of argument structures common in strengthen questions and evaluate ways to adapt our prethinking depending on the argument structure. We will tackle six 700+ level problems in this session.	<p>Prescribed Practice Questions</p> <ul style="list-style-type: none"> <li>- 10 e-GMAT CR Questions</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
9	CR3 – Evaluate	<ul style="list-style-type: none"> <li>- Evaluate</li> <li>- Evaluate Application</li> <li>- Evaluate Quiz</li> </ul>	Having tackled strengthen, we will move on to evaluate. We will leverage the prethinking skills and use the variance analysis to solve some of the most challenging problems.	<p>Prescribed Practice Questions</p> <ul style="list-style-type: none"> <li>- 10 e-GMAT CR Questions</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
10	CR4 – Weaken	<ul style="list-style-type: none"> <li>- Weaken</li> <li>- Weaken Application</li> </ul>	Following an approach similar to the one for Strengthen questions, we will evaluate various argument	<p>Prescribed Practice Questions</p> <ul style="list-style-type: none"> <li>- 10 e-GMAT CR Questions</li> <li>- OG13 and</li> </ul>

			structures and adapt our prethinking to tackle various weaken questions.	GMATPrep Question Bank 1 Questions
11	CR5 – Bold Face	<ul style="list-style-type: none"> <li>- Bold Face Questions</li> <li>- Bold Face Application</li> </ul>	We will look at some Bold Face question in this session. The focus will be on a consistent approach to solve these questions.	Prescribed Practice Questions <ul style="list-style-type: none"> <li>- 10 e-GMAT CR Questions</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
<b>READING COMPREHENSION</b>				
12	RC1 – How to Approach RC Passages	All Level 1 Preview and Level 1	We will solve medium level RC questions using the e-GMAT approach	Prescribed Practice Questions <ul style="list-style-type: none"> <li>- 3 e-GMAT RC Passages</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
13	RC1 – How to Approach Difficult RC Passages	All Level 1 Preview, Level 1, and Level 2	We will solve difficult level RC questions using the e-GMAT approach	Prescribed Practice Questions <ul style="list-style-type: none"> <li>- 3 e-GMAT RC Passages</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
14	RC3 – How to Solve Misc Question Types	e-GMAT RC Course	We will cover miscellaneous question types such as “application”, “tone”, “weaken/strengthen”.	Prescribed Practice Questions <ul style="list-style-type: none"> <li>- 3 e-GMAT RC Passages</li> <li>- OG13 and GMATPrep Question Bank 1 Questions</li> </ul>
